

The loss of a loved one can be difficult for children as they attempt to make sense of the loss and deal with the changes it creates. Participating in holidays and special events can often intensify their feelings of loss and grief. Holiday Memories is a program that allows children, ages 6-12 years old, to come together with their peers and participate in activities that will help them to express their feelings, create lasting memories of their loved one and have fun at the same time! in the state of th
